750ml 1500ml

A new cuvée, a new interpretation of Franciacorta. Alma Non Dosato represents the contemporary and vibrant interpretation of the Bellavista vineyard. It is made mainly with chardonnay and pinot nero grapes. It is assembled, in the cellar, from harvest selections and some “reserve” wines from previous vintages, with a cut that chooses the most dynamic and reactive part of the wine heritage. The color is straw yellow with green highlights, the perlage is fine and continuous. Fresh and deep, the aromas range from fresh to white fruit, while in the mouth it is savory fresh and on the side, complex and with a long and luminous finish. A wine of solidity, class and elegance. In the mouth, it is sapid, fresh and sharp; complex. Long, harmonious finish. Elegant and classic.
