Harvest period	Late august
Ageing	45% pièces, 55% inox
Dosage	2.5 g/l
Total acidity	6.5 g/l

750ml

1500ml

Satèn is the most delicate and elegant of the Franciacorta, made only in the best years from 100% chardonnay grapes from higher altitude vineyards. The selection of the bunches is meticulous, to say the least, as is the slow maturation in small white oak barrels. Once assembled, the cuvée spends 45 more months in the cellar. The rich foam, the extremely fine p rlage and the straw yellow color announce seductive and suave aromas of pink flowers, ripe citrus fruit and noisette. The flavors follow in the same wake, with a smooth, creamy texture and a perfect balance between ripe nuances and fresh sensations.
